A grandmother and her two grandchildren lost their lives Sunday as this causeway at Big Hawk Lake

collapsed burying the bodies and hampering recovery.

3 die as causeway collapses

Hawk Lake, Ontario - More than 300 people - many from Metro - were stranded Monday on a peninsula at Big Hawk Lake, a resort area 60 miles north of Peterborough, after a private causeway collapsed on Sunday killing a woman and her two grandchildren.

Margaret Hickman, 68, of Thorncliffe Dr., East York, her granddaughter Karen Schram, 7, of Peterborough and 8 year old grandson Gordon Leyton Schram, also of Peterborough, were swept to their deaths when the causeway collapsed on Sunday around 3:05 p.m.

The bodies of Mrs. Hickman and Karen Schram were recovered on Sunday and at

1:15 p.m. on Monday, May 24th the body of Gordon Leyton Schram was located at the collapse site.

The three were walking across the 80 foot long causeway, built only a few months ago to replace a condemned wooden bridge, when a major section - 34 feet long - collapsed.

The causeway was built of a 26 foot diameter culvert with land fill piled on top.

Mrs. Hickman had gone to the family cottage in the area with her husband and her daughter's family.

BODY BURIED

On Monday as police tried to recover the third body trapped under tons of rubble in the water - cottagers on

the island found themselves trapped.

A police spokesman at nearby Minden said "There is not too much concern for the people themselves. There are plenty of boats in the district and they will have no trouble getting off the island."

"But when we checked on Sunday there were between 125 and 150 cars on the island. There is no other way off now that the causeway is down. I don't know what they'll do about getting their cars off."

Engineers were called to the site on Monday to investigate the cause of the collapse, and an emergency bridge built to help the

stranded cottagers.

INQUEST ORDERED

Police said it was not known yet who owned the causeway, but this is being investigated.

Coroner Dr. Harry Good of Haliburton ordered an inquest into the deaths.

Apart from the three who died, there was no one else on the causeway when it collapsed.

Dr. Good said "we are having a lot of problems" finding out who built the causeway."

"It may have been the cottagers themselves, but there should have been some engineers in to inspect it."

\$8,000 taken from Minden Radio Shack

Several people may either have in their possession or be viewing television sets which were stolen from Minden Radio Shack early last Wednesday morning.

Minden OPP detachment is currently investigating the theft of nearly \$8,000 worth of television sets, citizen band radios, citizen band microphones and assorted related equipment such as mobile and television antennas, a radio telephone set, etc.

The store, on the left hand side of the main street coming into Minden from Lindsay via the old road which runs past the Red Cross Outpost Hospital and swings to the left at the Rockcliffe Hotel, is owned by Keith Prior of Haliburton who also operates a similar outlet in Haliburton Village. The building was entered by an upper window off the roof. There is speculation, police indicate, that the incident may result in the loss of the Radio Shack store in Minden which is located on the

premises formerly occupied by Welch's General Store. The report is that Mr. Prior may elect to close out the Minden operation and continue in business at Haliburton only.

Included in the loot, which was discovered early last Wednesday is eight black and white television sets, seven colour sets, six citizen band radios, five citizen band microphones and the quantity of assorted television and radio equipment previously mentioned. Retail value is set at \$7,887, police say.

It is reported that the bulk of the equipment stolen was not covered by insurance. Minden O.P.P. also indicate that everything taken is of a nature that finds a ready market with those who do not ask too many questions when they make purchases. Some of the equipment may change hands several times in a matter of days, they state and often articles stolen

Area OPP to Olympics

Six Ontario provincial policemen from detachments in Lindsay, Cobocok and Minden have been assigned to security duties at the Olympic yachting competition from mid-June to mid-August in Kingston.

They will be doing docking security and assisting the Royal Canadian Mounted Police and the Canadian Forces with security around

the race course.

Constables Joe Boudreau, John Mitchell and Garry Miller, dubbed "the Kingston trio" will be going from the Lindsay detachment.

Cpl. Dale Coe and Constable Don Fitzpatrick will be going from Cobocok. Sgt. Arnold Besteman of Minden will be in charge of the policemen from this area.

Harry Davis on TV

Harry Davis, Manager of Thos. N. Shea Ltd., in Haliburton will appear on the TV Programme "Speak Easy" Channel 79 on June 9th at 1 p.m. This live telecast will be a half hour interview with host Gene Taylor.

Harry will show coloured slides of some of the many interesting places in Haliburton County. The interview will focus on recrea-

tional and vacation properties in Haliburton and provide a first class opportunity to promote our County as "THE PLACE TO COME - AND STAY". Channel 79 is a cable TV station covering Metro Toronto. We regret that we will not be able to tune in to this programme locally, however, we are pleased to see Haliburton get another boost as the busy summer season approaches.

Roads washed out

On Sunday evening May 16, 1976 a freak storm hit certain portions of the Municipality of Dysart with vengeance. Dysart Reeve

Murray Fearrey told the Echo this week that washouts in Harburn, Dudley and Dysart Townships had removed over three miles of Township Road and would

cost some nine to fourteen thousand dollars to replace. Road crews worked all week long on the washouts in order to restore traffic for the Victoria Day Visitors. Reeve Fearrey told the Echo that Residents at Haliburton Lake claimed it rained harder in that area during this storm than it did during Hurricane Hazel.

Two bulldozers are shown above reconstructing the causeway temporarily to allow the 300 stranded

cottagers to get back to the mainland.

Pictured above is the Arrow TV & Communications Store in Minden which was broken into early last Wednesday morning and in which \$8,000. in merchandise was stolen.

\$8,000 taken from Radio Shack *Cont'd. from page 1*

in one place eventually turn up hundreds of miles from the scene of the theft.

The Peterborough Detachment ID unit visited the Minden scene, but their findings are naturally not known. Constable Roy Telford of Minden Detachment is the investigating officer.

Information officer for Minden OPP - Constable Wim McGee - said it seems apparent that the job was pulled by a person, or persons, who was well aware of the market potential for that which they were stealing.

Causeway collapses

Cont'd. from Page 1

Investigations involved Corporal Peter Alexander and Constable Roy Telford of the Minden Detachment of the Ontario Provincial Police, Coroner Dr. Harry Good of Haliburton, Chief Coroner for the Province of Ontario Dr. H. Cotnam.

The Ontario Provincial Police wish to express their thanks to the Haliburton Ambulance crew and to the numerous organizations and

individuals who provided very much appreciated assistance and nourishment at the scene of this unfortunate mishap.

The OPP also wish to acknowledge the invaluable work and professional attitude displayed by the volunteer Stanhope Fire Dept. under the guidance of Chief Richard Kinsman. These men spent many hours at the bridge and worked in areas where there was great risk to themselves.

Three transformer units stolen from Bell Canada

It would appear that would be thieves will pick up anything they can get their hands on these days.

During the evening of May 17th - 18th, 1976 three Bell Canada Transformer units were stolen. The units had been left by a telephone pole on the old Highway #35 south of Braeside Lodge near Minden.

The transformers are used to neutralize electric current surges and aluminum in colour.

The items may have been stolen for copper value as there is over 13,700 feet of wire in each unit. Value of the loss is \$4,500.00.

Provincial Constable Telford of the Minden Detachment of the Ontario Provincial Police is investigating.

Manufacturing Opportunities Show orders at \$67 million

An initial survey indicates that \$67 million worth of new business is expected by companies which participated in the 1976 Manufacturing Opportunities Show, Claude Bennett, Ontario Minister of Industry and Tourism said today.

"This represents a \$17 million increase over reported figures from the 1972 MO Show," he said. Mr. Bennett added that the figure is preliminary and the Ministry expects to have more complete results soon.

The negotiations during the show, sponsored by the Ministry, included import replacement, contract sales, licensing agreements and opportunities utilizing unique production facilities.

The three-day show earlier this month at the Queen Elizabeth Building, Toronto,

attracted more than 7,000 business people from across Canada and around the world. A feature was a special section where some 100 inventors were seeking manufacturing arrangements.

OPP news

The Minden Detachment of the Ontario Provincial Police report the following activity for the period of May 17, to 23, 1976: During this period the Detachment staff investigated 97 general occurrences and 17 motor vehicle collisions. There were five break and enters reported and investigated, one compassionate message delivered, 13 persons charged with Liquor Licence Act violations, and five persons charged with impaired driving.

Ball Roundup

Haliburton Huskies at Gull River. The Huskies with pitching problems early in the season were swamped for fifteen runs and managed only one for themselves with Jim Wynn knocking it in. Steve Wood and Jim Wynn shared the pitching duties.

TUESDAY, MAY 18/76
Haliburton Huskies once again took a fair trouncing as they were defeated 12 to 2 by West Guilford. Wade Stamp pitched strong for Guilford and carried the game as after five innings it was all Guilford.

At press time the two teams in Minden were playing and the Haliburton Huskies and West Guilford game was cancelled due to Haliburton's shortage of players.

Pittsburgh Penguins have signed defenceman Ron Stackhouse to a multi-year contract. Terms were not revealed by the National Hockey League Club. Stackhouse, 26 year old native of Haliburton, set club records last season with 60 assists and 71 points. That made him the third-highest scoring defenceman in the NHL.

SCHOOL NEWS

On Thursday May 13, HHSES hosted Minden for their annual basketball game. In the first game, the Haliburton boys started slowly, missing their first 8 shots before finally putting out a 34-9 victory.

Robert Smith was the top scorer for HHSES with 12 points while Bernie Nicholls and Pete Wilson each had 6 followed by Steve Bishop with 5 Randy Vanderstarren and Mike Rae with 2 a piece and John Androa with a single. For Minden, Roger Hicks led the way with 6 points while Scott Valentine had 2 and Guy Caprenter a single.

It was an extremely fast and well-played game but Haliburton's tough zone defence, control of the backboards and accurate passing paved the way to the victory.

In the girls' game that followed, Haliburton jumped to an early lead and held off a late charge by Minden to come out on the long end of a 16-12 score. Kelly Martin led the way for HHSES with 12 points while Cathy Debes, Hanne Anderson and Sandy Wootten all netted 2 a piece. Miriam Vanderwal played an excellent two-way game controlling the backboards at both ends and setting up many of her team's chances. For Minden, it was Marlene Darby, Cathy Darby and Shelly Thompson scoring 4 points each, while Kelly Gough engineered many of her team's chances.

All 4 teams are to be congratulated for their fine display of basketball skills and for the high degree of sportsmanship exhibited both during and after the game.

Haliburton Highlands Property Owners

Water testing this year is being confirmed to the secchi disc which the Ministries concerned feel will give notice of any change in a lake's composition. Where it is suspected that a lake is being polluted the local health unit should be alerted and a spot check will be made.

The major source of pollution is not septic tanks. Faecal bacteria only live for 48 hours. The real problem is phosphorus in washing compounds. Please notify your members to use soap or phosphorus-free powder.

The development of weeds in our lakes can be caused by this problem. Weeds should be removed entirely from the water. If they are cut and left in the water they just compound the problem.

Little Bob Lake residents are at loggerheads with the Lutterworth Council which has approved lot sizes with 50' frontages. The matter is now before the Municipal Board.

Still before the same board is the realignment of educa-

tional assessment with Minden and Stanhope feeling that the present system is unfair to them.

The select committee of the legislature has turned down a change in voting dates. Remember this is a voting year. Be sure your cottagers have their names on the voter's list.

One of the major reasons for the formation of H.H.P.-O.C. was to achieve reasonable water levels in our lakes during the period of greatest use. The fluctuations of the past few years would seem to indicate that the permanent tax-paying cottager of the Highlands is at the bottom of the totem pole and the itinerant boater drifting through the Trent Canal is at the top of the pole. The Trent Canal Authority is not controlled by the Ontario Government but by the Federal Government. Should we concentrate on our Federal members of parliament to work towards change in water priorities in the holiday country?

and Mrs. Wm. Cox. Also during the service was the baptism of Chad Garth son of Mr. and Mrs. Allan Cox.

Congratulations to the newlyweds Mr. and Mrs. Sean Hagerman (nee Diane Earle) who were married on Saturday

Mr. and Mrs. Phil Robinson accompanied Bradley Robinson on a trip to Niagara Falls last week and called on their cousin Mrs. Bill Leil in Toronto on the way home.

CANAD
see what forest fires can do to Canada!

Local taxmen lauded by Davis for restraint

Premier William Davis congratulated the majority of small municipalities who are attempting to follow the province's example in limiting the growth in expenditures.

"I should also say that preliminary reports indicate that the increases in municipal taxes have been kept within reasonable limits," said Mr. Davis to the annual conference of the Organization of Small Urban Municipalities at Whitby on May 8th.

Mr. Davis told the delegates that he shares their concern that a similar degree of restraint has been shown in school tax increases in many of the municipalities.

"I think it stands to reason that restraint is the only road to follow and certainly the only responsible overall policy to adopt," said Mr. Davis.

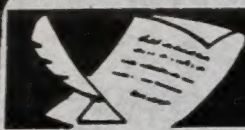

But he urged the delegates to reassure the local taxpayer that despite the necessary realignments in various budgets, the essential services the taxpayer deserves and expects will be provided.

"The key word is

EDITORIALS

Safety Tips

Here are some safety tips from the Canada Safety Council on fuelling small vessels.

Refuelling procedures are simple, but must be understood by the owner and crew. All craft, regardless of size, must be securely moored at the fuel dock. All open flames must be extinguished and all passengers must be ashore. On cruisers, "cuddy cabin" outboard craft and sailcraft, close all hatches and doors. No smoking within 30 feet of boat or pumps. Have a fire extinguisher close by, on the dock, for emergency use. When filling tanks, hold nozzle firmly against fuel pipe and use a grounding cable if available. Do not overfill. Watch overflow vent that indicates a full tank.

After fuelling, hose down any spill. Open doors and hatches to thoroughly ventilate boat. Turn on blower and be sure all fumes are clear before starting engines. On open type craft with engines hatched-in, open hatches for ventilation. Use nose test, as natural sniffer, to be sure there are no fumes. Only after craft is fully ventilated and engines running should passengers be allowed to board.

Outboard portable tanks **Should never be refilled in the boat.** Take tanks ashore for filling and wipe off any spillage before placing them aboard.

Trap or be Trapped

In a recent issue of the Angle and Hunter magazine we noticed a very interesting letter to the editor. As it was not signed we do not know who wrote it, but thought it carried a lot of food for thought, and we are passing it on to you. We quote:-

Trappers have ruined deer hunting in the Haliburton region.

One trapper has tied up 20,000 acres of Crown Land. Only about a third is being trapped.

Very little is snared to keep wolves under control. Beavers have put the meadows under water. Deer are gone.

One of these areas contains six to eight leased hunting camps. Members pay \$20 yearly and another \$20 in municipal taxes. But one trapper, with a \$5 license, has the right to control all this prime deer area.

Yet not two, not three trappers, working full-time, could ever control the wolves and beaver on 20,000 acres. And this was once on of the best deer areas in Ontario.

These zones should be better managed. Hunters are the only ones with an interest in the deer populations. Hunters should pay \$5 and be permitted to trap wolves.

It's the hunt camps which bring in the revenue. Unless the camp owners gain the right to clean up the woods, this money will soon be nil.

I am sure that I speak for every camp owner and hunter in the Anson and Hinden townships.

Anyone for Tennis

Thanks to the Rotary Club of Haliburton for having the foresight to build a double tennis court at the Rotary Beach in Haliburton.

This project has proven to be an excellent one as hundreds of old and young tennis players have been flocking to the courts to play their favourite sport. The game has proven to be so popular here that it's very hard to get playing time on the courts.

Success in any venture always brings with it two or three problems. One of the problems at the courts at the present time seems to be trying to get everyone interested in playing tennis a piece of the action. A few players seem to like to hold the courts for hours at a time when others are waiting in the wings to play.

The only solution seems to be the formation of a tennis club who could administer the courts as well as be responsible for the development of a Junior Club for the kids of the community.

A tennis club was formed at one time, but from what we can gather it had folded due to lack of interest.

Hi Folks

The purpose of this letter is to inform you of the progress of the Cardiff and Area Health Care Centre.

The professional services of a doctor have now been obtained for the Health Centre on a half-time basis. The hours for medical services have now been extended as follows:

From Monday, May 17th, 1976 a doctor will be available at the Centre.

Monday - 9 a.m. to 1 p.m. - Friday 9 a.m. - 1 p.m.
Wednesday 9 a.m. - 1 p.m. Saturday 9:30 a.m. - 1:30 p.m.

The Centre will continue to be open 9 a.m. to 5 p.m. Monday through Friday. On Saturday it will be open 9 a.m. to 2 p.m.

From Tuesday, June 1st, the Nurse Practitioner, Dilys Belshaw, RN, BSc.N. will be employed at the Health Centre full time. She will be available during the normal hours of the Centre. The telephone number given in the phone book is in error. Her correct telephone number is 332-2362.

FIRST AID

First Aid classes have been discontinued for the summer months except for those who have passed their basic first aid training. Once a month advanced training is given together with casualty simulation to familiarize the First Aid members with the type of injury they may have to cope with. Casualty simulation is the use of plastics, ointments, re liquid to look like blood, make up to look like bruises, pallor, etc., done properly the effects can be very realistic. It helps to build ones confidence to cope with an emergency.

Anyone wishing to learn First Aid please contact Mrs. Eunice George, 332-1737 or Mrs. Doreen Mackintosh, 339-2134. Operators of

Marinas, Boys & Girls, Camps and Cottagers are particularly urged to take such training. As soon as two or three persons of any group are trained in First Aid work and willing to attend monthly classes in advanced First Aid, a First Aid Post will be established in the area convenient to the group and will be kept supplied with the necessary items to carry out any first aid that may arise.

Remember people love to go swimming, boating, fishing, water skiing, etc. Unfortunately, accidents will happen, that is where First Aid training can prove worthwhile. Don't keep putting it off - make arrangements to take First Aid training Now.

C. W. Sherlock
President
Board of Directors

LETTER TO THE EDITOR

Dear Sir:

This summer I am being employed by the Haliburton County Public Library Board as their Programmes Director. My job is to organize activities, such as story hours, film shows, and craft demonstrations, for each of the nine libraries in the county. The purpose of these programmes is to get people more involved in the library and more aware of its services in the community. I would welcome any suggestions for programmes or any volunteers who would like to demonstrate a craft or give a talk on their favourite subject. I encourage everyone to participate in these programmes, and to enjoy themselves with the library this summer.

Yours truly,
Laurie Brown
Programmes Director

From the Chamber

by Bob Stinson

Well that's been a busy week-end. We tried to keep track for a while, at the Chamber office, of how many visitors we talked to, but we lost track some where over 150. Campsites were in the biggest demand with Motels following close behind. Apparently many of our visitors had not intended to venture this far from the city but had found everything to the south of us filled up. It was unfortunate that our busy opening week-end was marred by the tragic accident at Hawk Lake.

We still have lots of room at our office for literature. Any member of the Chamber is invited to display their information here at no charge, and of course you need not necessarily be a tourist operator to take advantage of this service. The Caboose at Haliburton is now open on week-ends also and George Stephenson tells us they would be pleased to receive brochures from business people in that area. We also urge everyone, if you have any information that you feel visitors should be made aware of please keep us informed so that we can pass it along.

We have had a great number of calls at the office expressing interest in a log cabin building demonstration that was publicized in the Toronto papers. After considerable investigation we have finally found out more about this. The demonstration is taking place at Camp Kandalar under the auspices of Seneca College. Anyong wanting further information should contact Mr. Ralph McKin, Dept. of Extended Education, Seneca College, King City Campus.

Last week we visited George and Carla Landsperger at Haliburton Lodge who after 15 years of operation have now moved in permanently and intend to stay open year round. That will be welcome news to the Snowmobilers who frequent the many trails in that area.

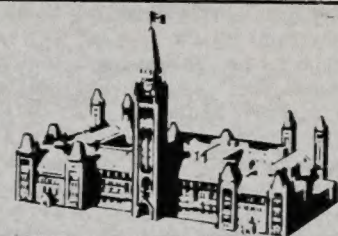

Speaking of Snowmobiles, the Snowmobile Association is running their Bombi Bike-A-Thon this Sunday in order to raise funds to pay for the Bombi. Pledge sheets are available at the schools and also at the Chamber office. This is a very worthy project, as we are sure that Bombi is going to bring a great deal of business into this county this winter. We would also like to remind motorists to bear a watchful eye for these bikes on Highway 121 on Sunday.

Erika and Joe Zeus have just opened Zeus World Travel in Kinmount and are anxious to help our many members plan their winter vacations. Many people do not realize that it costs no more to arrange trips through a travel agent as all commissions are paid by the operators, not the customer.

Jim and Linda Schlosser are rapidly expanding their Minden Rent All business and we were pleased to welcome them into the Chamber with this much needed service. Bob Patton who just started Northshore Lawn and Garden Equipment a few weeks ago as a part time business has been so successful he has now decided to go at it full time.

Thank you for supporting your Chamber members - they are supporting your community.

**OTTAWA
and Small
Business**

A lack of quality

A "no fail" education system drained of competition. UIC benefits for 44 weeks after eight weeks' work -- the causes have been building for years. Yet, in the U.S. the problem is a minor one.

Inflation topped the U.S. list. Quality and cost of labour were at the bottom. On the Canadian list, quality of labour was the top problem, followed by government regulations and paperwork burden, inflation and cost of labour.

That sinking feeling

©The Argyle Syndicate Ltd.

Bill Smiley

THIS is a time of year when a lot of school teachers get a sinking feeling.

All year they have been laboring in the fairly barren vineyards of their students, sustained by the knowledge that there is still time to produce a green shoot or two, and maybe even enough grapes to make some kind of brew.

Suddenly, there are only 16 teaching days left, and there is the dreadful realization that they have exhausted all their skills, and that it had about as much effect on Susie and Joe as would a bucket of water poured over a seal. It just doesn't stick.

Thus, when they should be looking forward with anticipation to end of term and summer vacation, many teachers find themselves instead in a veritable Slough of Despond.

It is the students' perennial belief in miracles that puts the teachers onto anti-depressant pills about now.

Aside from school work, adolescents are not dumb. They are quite aware that education these days is a sociologica jungle from which they have a far better chance of emerging unscathed than do those poor

devils who try to teach them.

They know that in our enlightened society, "failure" is a dirty word, and that everyone from the Minister

of Education, through the school board, down to their classroom teacher, will do back flips trying to avoid pinning such a label on them.

Many students know perfectly well that they can goof around most of the year, play truant, miss assignments, be late with essays, and nothing very terrible will happen to them.

In fact, if they go around looking serious and sincere for the last few weeks, and do a little work, there's every chance that they will scrape or scramble through, only to repeat the whole process the next year.

Born and raised in a society where it is no shame to accept charity, because it's now dignified as welfare, where unemployment insurance is a cosy cushion against adversity, where their aged parents will be looked after by the state, where the work ethic is scorned, where the semi-literate hockey player or pop star is not only idolized but rich, the kids are not going to get their shirts in a knot over something as apparently irrelevant as doing well at school.

And let's not blame them too much. Let's take a look at the world we're passing on to them.

It's a world strangling-drowning in its own poisons, created by the greed of past generations. The kids see the greed and the poisoning going right on. Small wonder

they are a little cynical about some of the virtues such as unselfishness and the golden rule.

It's a world in which the rip-off is admired, on the whole. They see unions ripping off management, management ripping off the consumer, everybody trying to rip off the government. So why not rip off the school system? It's the biggest sucker of all.

It's a world in which the media pander to the bizarre and violent. The hijacker, the terrorist are overnight sensations. Is it naive to suggest that these are responsible, to some extent, for the bomb warnings, and the incredible vandalism in our schools?

It's a world of drugs. The old man has his drinks every night and gets smashed on the weekend. The old lady has 18 different kinds of pills. Why not run away from reality by emulating them.

It's a world in which the daily papers are full of examples of corruption in high places. A senator here, a president there, has helped himself. So what's wrong with cheating, as long as you aren't caught?

It's a world in which the best and bravest are often bullied by the brutal and belligerent. So why not give the teachers a hard time? "They can't do nothin' to ya, anyhow," cept senja home. So what? Write a note and sign your old man's name."

Not a very pretty picture? You're right, gentle reader. But this is not an indictment of students. It's a cry of shame for the society we're handing on to them.

Let's restore "failure" to our vocabulary. Let's restore "excellence," another word that's been dropped. Let's show the kids that apathy is ugly, that reason is superior to violence, that love and sex

are not synonymous, that compassion and courage far outweigh cruelty and cowardice.

I'm sorry for them, and what we have shown them. But I don't despair. Let's show them it's a beautiful world, and that they are beautiful and that they are needed to make it more beautiful. Then watch them go.

If Canadians were as conscious of the attractions of their national capital as Americans are of theirs, fewer of us would have any difficulty identifying this picture. Do you know the name of the falls and the buildings in the background?

ANSWER: These are the Rideau Falls, and the building is the Ottawa city hall.

Haliburton Highlights

That Salvation Army at Haliburton and their workers held a very successful Blitz in connection with the Red Shield Appeal in Haliburton last Thursday evening.

Brohm and Leighton have placed a smart new neon sign on the front of their Real Estate building on Haliburton's main street. It looks very attractive when lit up at night.

The municipal building in Haliburton which is still being renovated on the inside has a new paint job on the exterior. The roof has been painted brown and the remainder of the building is painted a cream colour.

The girls and boys and staff of the Victoria Street School in Haliburton are once again having a Fun Night on Friday, May 28th. This is always a very popular event and each year draws big crowds.

The Rotary District Conference was held recently at the Red Oak Inn at Peterborough. The guest speaker was past R.I. President, Bill Carter and the group exchange students from South Africa provided the people there with a different outlook on their country's social progress. Haliburton received the attendance award for the district and Minden received a trophy for the highest club percentage attending the International Conference at Montreal.

Ron Stackhouse, a big, high scoring defenceman with the Pittsburgh Penguins, wants to move to Canada. His wife has become a dentist and is licensed to practice only here. Leafs might be interested, but one problem is that Stackhouse must be signed to a new contract.

The municipal employees have been busy lately, cleaning up at the Rotary Beach and the park area, and the beach is now in very good order.

The Haliburton Highlands Secondary School Senior B held a Car Wash last Saturday to help to raise money to purchase band uniforms.

The administration of any medicine is a serious responsibility says St John Ambulance. The doctor's orders regarding dosage, time and method of administration must be followed exactly.

The parking lot at the new Brewers Retail store is starting to shape up and just recently Fowler Paving Co. Limited of Bracebridge completed the paving of the parking lot area.

The weather just wasn't the best, but large crowds of visitors still made their way to the Highlands of Haliburton for the Victoria Day weekend.

Fletcher Markle's The Olympics: A Television History of the Golden Games

The Winter Games, thought by many to be the most spectacular of all Olympic contests, are the subject of program three in Fletcher Markle's The Olympics: A Television History of the Golden Games. The program will be telecast on Sunday, May 30, at 9 p.m.

The Winter Olympics are fairly new in the annals of sport. While some skating events were included in the Summer Games of 1908 and 1920, it wasn't until 1924 that the Winter Games were given the official blessing of the IOC.

In a sweeping panorama of snow and ice, the third program in this series follows the history of the young offspring.

By virtue of geography and temperament winter has always had a special appeal to many athletes from the smaller countries. Those who could rarely compete on an

equal footing in the summer games were often the stars of winter.

In the early Winter Games the Scandinavians dominated the action. But, as time went on many of the larger countries took up skating and skiing seriously and are now able to take a healthy share of the medals.

The Winter Games have been great theatre from the beginning and support for them has grown rapidly. In Oslo, Norway, in 1952, one ski jumping event attracted a hundred and fifty thousand spectators.

And, if the games themselves are great theatre, this program, concentrating as it does on many of the highlights of the past fifty two years, is nothing short of spectacular. Fortunately, excellent film is available on each of the Winter Games, and Markle has used it to bring out the best of the action and beauty of the

Games.

In the space of an hour, the program travels from Chamonix in France, site of the first Winter Olympic Games in 1924, to Innsbruck, Austria, where the most recent Games were held earlier this year. It is a breathtaking journey.

Christopher Plummer is host for the program. The Winter Games, 1924-1976 was produced by Fletcher Markle and directed by Bob Barclay, who has directed films for the Walt Disney organization and was the principal director for CBC's Telescope series.

Federal Business Development Bank Small business information service

If an owner or operator of a small business in the Haliburton area wants to know whether there is a Federal Government programme that may be applicable to his business, he can now obtain this information readily from Peter H. Cash at the Federal Business Development Bank, 22 King Street West, Oshawa, Ontario, telephone (416) 576-6800.

This new FBDB activity (called the FBDB Small Business Information Service) is aimed at assisting

smaller enterprises by providing a "one-stop" source of information on Federal Government programmes.

At the present time there are over 100 Federal Government programmes which provide assistance to small businesses. Of these, approximately 60 are of a financial nature. Businessmen wishing to learn which Federal programmes might possibly assist their business are invited to write or telephone Peter H. Cash at FBDB.

June 1 is Census Day and everyone counts.

The Census of Canada will be taken on Tuesday, June 1, and Canada is counting on you to count yourself in. The questions are easy to answer, and it doesn't take long to fill in the questionnaire.

Why we take the Census.

The facts only you can provide on Census Day are needed to update a statistical picture of your community, and your country. Census information will be used in the coming years for the planning of social services for all Canadian communities.

How we take the Census.

Within the next few days, a census representative will deliver a Census Questionnaire to your home. You can choose to have yours in either English or French.

All you have to do is use a pencil to answer all the questions. If a pre-paid envelope was included in your census package, mail back the completed questionnaire. If you don't get an envelope, simply keep the completed questionnaire, and a census representative will pick it up after Census Day.

Our lips are sealed.

Only Statistics Canada personnel who are sworn to secrecy see your completed questionnaire, and they are subject to severe legal penalties if they disclose your answers to anyone else.

The Census of Agriculture. It's extra special.

If you're a farmer, you're asked to complete both a general and a Census of Agriculture questionnaire.

Please fill in both questionnaires, but don't mail them back. They will be picked up by your census representative shortly after Census Day.

It wouldn't be right without you.

Please remember that every one living in your household

must be counted, and that all questions in your Census Questionnaire must be answered. We all have a stake in Canada's future, so please help us make the Census of Canada a complete success.

Canada's counting on you to count yourself in.

HALIBURTON

Report from Queen's Park

by John Eakins
M.P.P., Victoria-Haliburton

Chesley and District Memorial Hospital and Willett Hospital in Paris appear to be on solid ground in seeking provincial financing to continue in operation for a further six months. The Acting Health Minister has indicated that the two hospitals will receive the same consideration as Toronto's Doctors' Hospital, Clinton Public Hospital and Durham Memorial Hospital, which will be receiving financing to continue operating during the Government's appeal against a Divisional Court ruling on the legality of its hospital closing procedure.

Incidentally, the Ontario Medical Association has stated that it will demand a say in any future decisions by the provincial government to close hospitals. A spokesman for the OMA said the organization is violently opposed to the way the government attempted the closings, and that if future closures are contemplated, hospital workers and people of the community in which a hospital is located must be consulted because the medical association would not tolerate "these Gestapo-esque type of manoeuvres" in the future. He also said the provincial government has never proven the hospital closing programme will save \$50 million, especially as patients will have to be treated elsewhere and workers will have to receive unemployment insurance.

Liberal Leader Stuart Smith has called upon the government to impose stringent limits on levels of vinyl chloride gas within industrial plants. The Acting Health Minister has agreed that permissible levels of airborne vinyl chlorides must be dramatically reduced. She has indicated, however, that although reports from other countries link cancer deaths to vinyl chloride exposure, there is no pathological evidence to suggest this is the case in Ontario. The Minister told reporters that the provincial Occupational Health Branch had reviewed statistics for the last five or six years to determine whether liver cancer deaths in Ontario might be linked to exposure to vinyl chloride gas among industrial workers, but that this survey had shown no connection between such exposure to workers and angiosarcoma, a rare form of liver cancer which has been linked to exposure to the gas in the industries in Quebec and the U.S. Subsequently Ministry Officials indicated they had no knowledge of the survey to which the Minister referred.

Neither the Ministry of Health nor Browndale Ontario know how much longer 16 emotionally disturbed children will remain in Browndale's four Peterborough homes, designated as unsafe

and overcrowded by ministry officials. Ministry officials had previously expressed confidence that these children would be moved as soon as the houses were approved by a newly appointed advisory committee on Browndale homes in Peterborough, and licences issued. However, Browndale has not yet submitted applications for licences - a process which normally takes four to six weeks for government approval. The Acting Health Minister is to meet with the head of the Browndale organization to discuss the results of an audit of the group. Payments involving thousands of dollars are being questioned. The province pays approximately \$7 million annually into the budget of the Browndale organization which cares for mentally disturbed children, and Liberal Leader Stuart Smith protested in the Legislature last month that directors of the organization are linked to many of the companies from which Browndale leases property.

The Ontario Government has spent \$6 million on preliminary designs for a successor to the ill-fated Krauss-Maffei magnetic cushion train. The Urban Transportation Development Corporation Limited is seeking substantially more money over the next three years to bring the preliminary designs to the brink of production, although the corporation refuses to say publicly how much it is requesting, partly because its request has not yet gone to the Cabinet and partly because it is still negotiating with the suppliers of components. As a spokesman for the UTDC expressed it, the \$6 million has been spent over the past year "to pick up the pieces of Krauss-Maffei".

According to the Minister of Consumer and Corporate Relations, the province is considering taking control of the travel industry fund board of trustees, to ensure conformity with government policy. The board has rejected Ministry sponsored applications for compensation by four travel agents who have, apparently, paid for alternative holidays for their clients when Blue Vista Tours folded in December. The Minister also rejected trustees' anxiety that the fund is in danger of running out of money if another big tour package agency should go out of business suddenly.

All seven trustees on the board - created only last year - are appointed by the government; although four of these trustees were nominated by the travel industry. The board, financed by travel agent contributions, compensates travellers who are not given the services for which they have paid.

See you next week.

Industrial Parks in Peterborough

Chesebrough - Pond's (Canada) Ltd.'s Ragu processing plant is the latest in a number of new manufacturing facilities and warehouses in Peterborough's PIP (Peterborough Industrial Park) and Lansdowne Industrial Park. In all, 75 acres of industrial land have been sold during the past three years for a total of over 300,000 square feet of manufacturing and warehousing space.

During this three-year period, 32 buildings have been completed or are in the completion stages in these two industrial parks. At least 12 businesses are new to Peterborough while the remainder are relocations or expansions of Businesses previously established in the City.

According to Mr. D.P. Houston, president of Chesebrough-Pond's (Canada) Ltd., 250 new jobs will become available over a five-year period at their new facility. Their 18,000 sq. ft. building, with 30 employees, will be the first stage of their food processing division which is a new branch of product manufacturing. Chesebrough-Pond's now manufacture a full line of cosmetic products including Vaseline intensive care lotion and petroleum jelly, Pond's creams, Q-tips cotton swabs, Cutex cosmetics and Prince Matchabelli fragrance prod-

ucts.

For complete information on industrial land or industrial buildings for purchase or lease contact: Development Commissioner City Hall, 500 George Street, Peterborough, Ontario.

COMING EVENTS

Saturday, May 22 to Monday, May 24 - Eastern Canada's first professional Rodeo Riding School at the Wakefield Ranch in Norwood. The instructor will be Gid Garstad, holder of five Canadian Bull Riding championships and a top all-event competitor.

Sunday, May 23, - opening day of Lang Century Village 10 miles S.E. of Peterborough from 1 p.m. to 6 p.m. All senior citizens are invited to be special guests without charge. Some of the special events are:

1 p.m. - Firing of an 1871, nine pound muzzle loading rifle by the Peterborough Garrison Artillery Association.

2 p.m. - Old time hymn sing in Glen Alda Church. Pump organist - Mrs. Fred Hunter, Solosits - Muriel and Walter Dawson.

3 p.m. - Senior citizens' spelling bee.

Throughout the afternoon Mr. Harold Stevenson will demonstrate early music boxes, crank organs and phonographs in the Dourou Council Hall. There will be

blacksmithing, spinning, weaving, baking, log sawing, a home baking sale in the General store and free horse and wagon rides. Tea will be available for 10c.

May 24 - Peterborough Equestrian Club, English horse show at the Lakefield Fair Grounds, 1 p.m. Mixed classes and jumping. Dressage test 10 a.m.

May 24 - Formal opening of the Peterborough Military Exhibit at the Peterborough Centennial Museum on Armour Hill. Museum hours are 1:30 to 5:00 p.m. Tuesday to Sunday.

May 25 - 30 - over 70 Ontario crafts people will be competing in the annual Ontario Crafts Council Region exhibition and critique at the Frost campus of Sir Sandford Fleming College of Applied Arts and Technology in Lindsay. The exhibit is being presented this year in co-operation with the College and Kawartha Arts and Crafts Association. The top award winning pieces will be displayed at the Canadian National Exhibition and entered in provincial competition during "Ontario Crafts '76" at the Toronto Dominion Centre this fall.

May 27 - 28 - "Art in the Market", a sale of local art and crafts to benefit the Art Gallery Founding Fund, will be held under the Clock Tower of Peterborough Sq. from 9:30 a.m. to 9:00 p.m.

June 2, 3, 4 & 5 - premier performance in Ontario of Professor Fuddle's Fantastic Fairy Tale Machine, an original Canadian Play for children written by Alan Egerton Ball with music by Paul Bradbury. The box is open May 25 and June 1 from 7:30 p.m. to 9:00 p.m.

Monday 9 a.m. to 1 p.m.

Wednesday 9 a.m. to 1 p.m.

Friday 9 a.m. to 1 p.m.

Saturday 9:30 a.m. to 1:30 p.m.

Telephone 339-2296

Commencing June 1st, 1976, Nurse Practitioner, Dilys Belshaw, R.N. B.Sc., N. will be available during the normal hours of the Centre.

Monday to Friday - 9 a.m. to 5 p.m.

Saturday 9:30 a.m. to 1:30 p.m.

Trent receives gift from CGE

PETERBOROUGH - Canadian General Electric Limited today announced a gift to Trent University of cash and property valued at approximately \$235,000.

The land, 62.6 acres is the balance of the CGE's Nassau property and includes a large brick house. It consists of parcels flanking the Trent Canal, at the northern edge of the city and the southern edge of Trent's campus. The gift brings to more than 200 acres the company's donations in land to Trent since the university's inception.

President Nind of Trent expressed the university's gratitude for the gift:

"We have had extremely generous support from CGE since Trent began in 1963. All told, company gifts have amounted to more than \$800,000 and employees' giving has raised the total to well beyond \$1,000,000.

"This latest gift, which brings our Second Decade Fund to about 68 per cent of its objective (\$2,390,000), reflects the very constructive interest the company has taken in Trent since the early days."

Merritt E. Gordon, general manager of CGE in Peterborough, commented:

"Canadian General Electric employees have responded with generosity in past years in the development of Trent University. The university has contributed significantly to the overall improvement of our community and many of the sons and daughters of our employees are graduates of Trent, or are students there."

"CGE is therefore pleased to continue this support with this contribution to the Second Decade Fund."

The land consists of two parcels:

One of 26.6 acres, lies between the Trent Canal property and the 10th concession of Douro township to the east. At the north end of it is the land on which stands a large brick house, converted several years ago into "The Commoner", the university's student social cen-

tre. The balance of the property adjoins Trent's wildlife sanctuary and biological and snow research area; at least temporarily, it will be considered part of both.

The other, roughly 36 acres, is bounded by the River Road to the west and the canal on the east. It is divided by the approach to and route of the high level canal bridge now under construction, as well as by the Peterborough-Lakefield CNR tracks. It rounds out the university's holdings between the canal and the Otonabee River.

In the university's Founding Fund in 1963, CGE's gift was 100 acres plus \$150,000 in cash. That property, on the west bank of the Otonabee River, provided the sites on which four of the university's Nassau campus buildings rose. The company's gift to Trent's Development Fund, in 1969, was the Nassau powerhouse, 40 acres of land and a cash gift of \$50,000.

Farm costs increase

TORONTO - "Farm costs are going to rise because of the oil price increases", Gordon Hill, President of the Ontario Federation of Agriculture, said today. "The almost six

cents a gallon increase in oil prices will affect costs at every stage in the food chain and will result in higher food costs."

Mr. Hill explained, "The costs of all farm inputs will increase. For example, the chemical fertilizer industry is a large user of fuel. Machinery companies' costs and prices will increase due to higher transportation costs. The wages of those making farm inputs will rise due to their own added living costs."

At the farming stage, Mr. Hill said, "Fieldwork operations will be more costly. Farmers are already using large equipment to maximize efficient energy use but there are limits even with this highly developed technology."

"Transportation, storage for crops after they leave the farm will also increase in cost and the processing and retailing industries also use a great deal of oil" Mr. Hill continued.

Mr. Hill warned: "Farmers cannot be expected to mutely shoulder the increased costs that are going to be passed on to them. Canadian consumers must realize and accept the fact that food prices, along with those of other products, are going to increase with this oil price increase, especially since the food and beverage industry is one of the largest users of energy in Ontario."

Minden supper success

The evening of May 18th a goodly number of the Mini Card Party "Gang" gathered at St. Paul's Parish Hall for the Annual Pot Luck Supper. Rev. Douglas Brown said Grace, then all had a grand meal. Lillian Davidson reported that 808 people had attended over the Season and one was present for each one. Gifts were presented to Joyce Hewitt (Perfect Attendance) Vera Fuller, highest euchre score, and to Lillian Davidson, Nellie and Harry MacMinn and Jeanne Sears. A cheque for \$325. was presented to Father Brown as proceeds from these Card Parties. He graciously thanked us for this and stated that this social group is a great way to meet friends and make new ones. After the dining area was cleared and dishes put away some of the crowd stayed to play euchre or bridge. The new Season is to start September 30th by overwhelming majority. See you then!

Senior Citizens

Senior Citizens' Week has been announced and is to be June 20 -26th.

One of the highlights in this area is the Annual "Over 70's" Dinner at Hyland Crest, where the sixth annual dinner and entertainment will be held on Tuesday, June 22nd. So many have enjoyed the hospitality in the past a repeat is inevitable. Plans are going forward in anticipation of a get-together to out-do all others. Further news and announcements will be forthcoming.

Save the date and watch for details!

That the Peterborough Labour Council be granted permission to sell 50-50 tickets in Dysart et al on behalf of the Five Counties Children's Centre. Carried.

No. 2795

That John T. Mountenay be granted permission to install a Mobile Home on Lot 25, Concession 12, Harcourt, provided said home is installed on a fully enclosed Concrete Block wall and meets Environmental requirements. Carried.

No. 2796

That permission be granted to George Hutchings to install a Mobile Home on Concession 3, Lot 18, Dysart, provided said home is installed on a fully enclosed Concrete Block wall and meets Environmental requirements. Carried.

No. 2797

That Cecil B. Winter be authorized to sign the necessary permission for the Kennis Lake Regatta Fireworks Display. Carried.

No. 2798

That applications be called for two people to work alternative weeks at the Information Booth, applications close May 17, 1976 at

5:00 p.m. Carried.

No. 2799

That Ronald Charko be allowed to improve the Municipal Road and parking lot on Elephant Lake under the supervision of the Road Superintendent. Carried.

No. 2800

That the Ministry of Housing be advised that Council do not concur with the provision of a Dumpsite on File 46T-75413, Glen Dean Investments Limited, Bushwolf Lake. Carried.

No. 2801

That we accept the quotation of Blacks Hardware for the installation of #17100 Titan Plus #14 Papriko for downstairs Jute Back \$7.85 sq. yd. installed and #17100 Titan Plus #14 Papriko rubber back for upstairs \$9.65 sq. yd. installed. Carried.

No. 2802

That Herbert Fearrey, part of Lot 10, Concession 7, Dysart be approved in principal for a six to eight site trailer park pending Environment, Tourism and Industry approval. M.G. Fearrey - abstain. Carried.

No. 2803

That the Reeve be reimbursed for the cost of the Fireman's meeting, April 4th, held at the Legion Hall - \$37.00. Carried.

No. 2804

That By-laws No. 76-13 and 76-14 be read a first time. Carried.

No. 2805

That Council adjourn to Committee of the Whole for the second reading of By-Laws 76-13 and 76-14.

Lloyd Coneybeare be appointed Chairman. Carried.

No. 2806

That By-Laws 76-13 and 76-14 be read a second time in Committee of the Whole and passed without amendment. Carried.

No. 2807

That Committee of the Whole be adjourned and Council resume. Carried.

No. 2808

That By-Law No. 76-13 and 76-14 be read a third time, finally passed, signed and sealed. Carried.

No. 2809

That Council adjourn until 7:00 p.m., May 17, 1976. Carried.

Motorists and truckers

urged to slow down and live

TORONTO - Twenty eight people were doomed to die in motor vehicle accidents on Ontario streets and highways during the 24th of May long weekend if the 1975 figures were repeated, stated Minister of Transportation and Communications James Snow.

"And that's despite traffic regulations to ensure a maximum of safety," said Mr. Snow "regulations such as those governing posted speed limits, traffic lights, stop signs and the presence of the enforcement agencies."

The Minister said that a review of the 1975 statistics revealed that 689 were killed and an additional 37,028 injured through the summer months of May, June, July and August.

"I am asking motorists and truckers to slow down and live," he added. "No one wants to see a repeat of those figures."

"Drivers using the highways through the summer

months usually enjoy the best weather conditions - but despite that the accident rate climbs with the usual disastrous results."

Mr. Snow said he was disturbed over recent MTC surveys which indicated that while motorists using the 400 series of freeways have by and large complied with recent legislation lowering the speed limit from 70 to 60 miles per hour, motorists and truckers using the two-lane highways have failed to abide by the new 50 mph limit.

"I understand that police have been handing out more than the usual number of speeding tickets," he said, "but that seems to have had little effect - up until now at least."

The Minister concluded by pointing out that speeding charges levelled at drivers exceeding the speed limit by as little as 11 miles per hour cost three demerit points each.

HALIBURTON

Liberal leader on oil

Statement by Ontario Liberal Leader Stuart Smith concerning reports that he said Premier Lougheed has threatened to cut off Alberta oil supplies to Ontario.

I never said that the Premier of Alberta made that bald statement at the private meeting of Premiers. I have no knowledge of what happened at that private meeting and therefore cannot possibly make such a statement. What I do know is this, the position of the Province of Alberta has clearly included in the bargaining procedure the option of keeping its

oil in the ground. That has been made clear to all of the other provinces and to the Federal Government. Whether this statement was made by the Premier himself, or by various officials at a lower level I do not know, and frankly it doesn't matter. My point in raising this at this time is to force Premier Davis to cease posturing and to tell the people the truth about the oil situation in this country.

I agree with Premier Davis that Alberta should not be getting more money for its oil but let us be clear that we have only three options

regarding Alberta's ability to keep its oil in the ground:

Option No. 1 is simply to call Alberta's bluff.

Option No. 2 is to insist that the Federal Government go in and take over the oil.

Option No. 3 is to bargain as best we can with the Premier of Alberta to arrive at the best price that we can get.

When Premier Davis tries to paint the Federal Government as the villain of the piece, he is conveniently leaving out the fact that these are the only three options that exist and he fails to tell us which of the three he has advocated in his conversations with Premier Lougheed.

It is time for Premier Davis to stop his phony posturing and to stop trying to run Ontario elections on a trumped up anti-Federal stance. Just tell the people clearly "What did you say to Premier Lougheed about Alberta's position which you know very well included the option of keeping their oil in the ground?"

If Premier Davis will not answer this question then the people of Ontario should see clearly the cynicism and the lack of foresight which has marked the Davis government's dealings on energy matters and in several other areas.

Approved containers only for gasoline use

Sidney B. Handleman, Ontario's consumer minister, today reminded all motorists, campers, cottagers and boaters that changes in the Gasoline Handling Act now require all portable gasoline cans to be certified.

"If a can does not bear the ULC (Underwriters' Laboratories of Canada) or CSA (Canadian Standards Association) label, it may not be used to carry gasoline," the minister warned.

Mr. Handleman's statement came on the heels of reported misunderstandings which developed when service station personnel refused to fill uncertified containers.

"It seems that a large segment of the gasoline-buying public is not aware of this legislation. However, a service station attendant who

refuses to pump gasoline into an uncertified container is only obeying the law of the province.

"Furthermore, the attendant is aware of the risk to which the purchaser is exposed when transporting or storing gasoline in something other than an approved container," the minister said.

Both service stations and attendants are subject to stiff fines for contravention of the Act.

Herb Jones, director of the energy safety branch of the Ministry of Consumer and Commercial Relations, says that since January of this year, when this change in the Gasoline Handling Act became effective, there have been no reported incidents of injury or property damage involving certified containers.

Earn more on your savings

Get 4% on your regular savings.

Pay no service charge on cheques if minimum balance of \$1,000 is maintained (and even if this balance is not maintained) you get 12 free cheques per quarter and pay only 10 cents for each cheque over the 12. Compare this with your average "savings account" paying only 3% and costing you a service charge of 20 cents for every cheque. Special Savings (non chequing) accounts pay 8% per annum calculated on minimum monthly balance. Funds deposited prior to May 15th and left on deposit earn full interest for all of May.

Haliburton County Council meeting

County Council of the Provisional County of Haliburton assembled in the Council Chambers for the regular May meeting at 10:00 a.m., Wednesday, May 19th, 1976, with Warden Jerry M. Howarth in the Chair, and all members in attendance with the exception of Reeve Gary Agnew.

Resolution No. 59

Approval of Minutes
That minutes of the meeting of April 21, 1976 be approved as circulated. Carried.

Business Arising from the Minutes and last Meeting
In business arising from the last meeting, the Warden called for the previous Notice of Motion.

Resolution No. 60

Appreciation of Robert Allison former District Municipal Engr. transferred
Be it resolved that this County Council of the Provisional County of Haliburton hereby thank Mr. Robert S. Allison for his assistance and co-operation to this County Council in the past years and we regret that the Ministry of Transportation and Communications would not concur with our request to leave him in the District. We wish Mr. Allison and his family continued good health and Divine Guidance in the years to come. That a true copy of this Resolution be forwarded to Mr. Allison. Carried.

Association of Counties and Regions of Ontario
Also arising from discussion at the April meeting was further consideration of the advisability of joining the Association of Counties and Regions of Ontario which represents second tier government. The Clerk had prepared an information sheet on A.C.R.O. and read a draft letter to the Association regarding the minimum fee as related to County population. Decision was left until later in this meeting.

Finance Report
Finance Chairman Lloyd Coneybeare reported on the findings of the Finance Committee, and explained particular items in the accounts, all of which had been found in order and were recommended for payment.

Resolution No. 61

Approval of Accounts
That payment of accounts be approved in the amount of \$42,296.82 representing cheques numbered 155 to 211 inclusive. Carried.

Correspondence

The Clerk read the following correspondence as requested Ontario Lottery Corporation listing distributorship vacancies, and explaining requirements for interested distributors.

County of Renfrew resolution requesting the Province to revise the equalization factors to compare with present property value. Members of this County Council commented on this situation and concurred with the Renfrew resolution.

Town of Richmond Hill resolution requesting Federal and Provincial governments to explore alternative methods of power production. Opinion was expressed that preservation of our existing natural resources was more practical and economical at this time.

to attend the June meeting of County Council, with the decision on determination being deferred until that time.

Township of Stanhope resolution authorizing representatives on County Council to protest Board of Education general percentage increase.

Mrs. Jean Tyler requesting appointment for Mrs. Joy Parliament in Ontario Nurses' Association to address County Council.

Reply to Mrs. Jean Tyler that Council is unable to accommodate request at this time. County Council must fully support and be in accordance with the member they appointed to the H.K.-P.R. District Health Unit Board.

H.K.P.R. District Health Unit

In the absence of Health Representative Gary Agnew, Deputy Reeve Keith Tallman reported on information currently available pending receipt of a more complete report.

Resolution No. 62

Alternate Representative HKPR District Health Unit
THAT Keith Tallman be authorized to work in conjunction with Mr. Gary Agnew to attend Haliburton Kawartha Pine Ridge District Health Unit meetings when Mr. Agnew's health prevents him from attendance. Carried.

Resolution No. 63

A.C.R.O.
BE IT RESOLVED THAT the

County become a member of A.C.R.O. and forward a letter as read by the Clerk regarding the membership fee to be paid. Registered Nay Votes: P. Conaghan, L. Walker. Carried.

Discussion Break

The Warden called for a fifteen minute discussion break at 11:00 a.m. during which nurses of the H.K.-P.R. District Health Unit attending in the audience spoke individually to members of Council. The nurses accepted the Warden's attitude that it would be inappropriate for Council to go over the head of their accredited representative to the Health Unit Board and interfere in the absence of the representative and a report at this meeting.

Correspondence

To finalize the correspondence, the Clerk read letters from the Canadian National Institute for the Blind, St. John Ambulance and Haliburton Highlands Guild of Fine Arts in appreciation of grant assistance to be paid later in the year.

Resolution No. 64

Acceptance of Correspondence
BE IT RESOLVED that the correspondence as read be accepted by County Council. Carried.

Resolution No. 65

Requesting local involvement in M.T.C. Contracts
THAT the Provisional

County of Haliburton County Council hereby petition the M.T.C. to include a clause in all M.T.C. contracts that the successful bidder employ as many local truckers, equipment and men as are available in the locale of the contract. Carried.

Resolution No. 66

Request Revised Policy for any Hospital Closings
BE IT RESOLVED THAT this County Council request the Government of Ontario to abandon the closing of hospitals unless the said closing is approved by the legislature of Ontario. A copy of this resolution to be forwarded to Hon. William G. Davis, Acting Minister of Health Hon. Bette Stephenson, and John Eakins, M.P.P. Victoria-Haliburton. Carried.

Resolution No. 67

THAT the Honourable Arthur Meen, Minister of Revenue, be requested to bring in the new market value assessment for 1977 taxation, keeping in mind the relationship of Haliburton County to grant factors and percentages and keeping in mind the tax shift policies referred to in the Minister's remarks to A.C.R.O. Carried.

Association of Clerks and Treasurers of Counties & Regions of Ontario

Clerk Treasurer Winifred Lahay reported to Council on items of interest discussed at a recent conference of the Association of Clerks and

Treasurers of Counties and Regions of Ontario.

Haliburton County Public Library

Haliburton County Public Library Chairman Reginald Booth complimented Lutterworth Township on acquiring a library whereby all ten municipalities of the county now have branch libraries. Chairman Booth referred to the inaccurate information in the Bowron Report relative to Haliburton County, and a survey is presently being prepared by the Clerk from information obtained from all the municipalities in the County.

County Roads

County Road Chairman S.G. Nesbitt reported activity in full production according to budgeted progress.

Property

Property Chairman Lloyd Walker has arranged for welding to the flag poles prior to obtaining new flags.

Haliburton County Economic Development Commission

The Economic Development Commission Representative S.G. Nesbitt reported beneficial meetings which appear to be accomplishing their purpose.

H.K.P.R. Nurses

Warden Jerry M. Howarth

reported to Council that a meeting of the Haliburton Kawartha Pine Ridge District Health Unit is scheduled for May 25th and the matter of the Nursing staff who had not accepted the last offer of the Board will be discussed at that time.

Stanhope Activities

Stanhope Reeve Nesbitt invited members of Council to attend Stanhope activities planned for May 22nd, June 5th and June 6th.

Hunting Season

Reeve Murray Fearrey requested that the County's recommendation for the Hunting Season in Haliburton should be discussed at the June session.

Notice of Motion

"Be it resolved that this County Council of the Provisional County of Haliburton hereby request the Board of Health for the Haliburton Kawartha Pine Ridge District to concur with the request of the Haliburton Kawartha Pine Ridge Health Unit Nurses Association Local 106 to agree to arbitration." The motion to be put to the next meeting of County Council.

Adjournment

Warden Jerry M. Howarth declared the regular May meeting of County Council adjourned at 12:00 Noon.

Tourism creates jobs.

Here's what Ontario is doing to attract tourists...and what you can do to help.

The development of tourism in Ontario contributes substantially to our province's economy. It represents 150,000 jobs, \$2.6 billion in revenue, and boosts our image all over the world. And the money that tourists spend helps pay for Ontario's own needs.

Your Ontario government is working hard to promote tourism by helping develop tourist facilities, maintaining travel information offices, and advertising Ontario attractions to promote our province as both vacationland and convention centre.

But that's only part of the job. You can help with the other part. After all, the best part of any trip is the people one meets - and when visitors come here, you are the people they meet. So you can help Ontario - and indirectly, yourself - by being friendly to tourists, by making them feel welcome. That way, you'll be "selling" tourism, "selling" Ontario, and helping us all.

Naturally, the more you yourself know about Ontario, the more knowledgeable you'll be when you talk to others. So get out and look around. Take your own holidays in Ontario - it's a great province to visit even when you live here, with places you've heard about all your life but probably never seen.

Write for a free "Get to Know Ontario" kit which includes the Travellers Encyclopedia, "Coming Events," and a provincial road map.

BROWNDALE

Minister concerned

Bette Stephenson, acting health minister, said last night she remains concerned about some aspects of the operation of the Browndale children's homes organization.

Stephenson's comments came in an interview after she met Deborah Brown, head of Browndale, (Ontario) to discuss the results of an audit of the organization.

Stephenson said she wants to get further information on Browndale's operations before meeting again with Mrs. Brown.

Among matters of concern to the Ontario government are Browndale's payments to other companies, conflicts with staff, and "the health and welfare of the children,"

Stephenson said.

Mrs. Brown is the wife of John Brown, the founder of the Browndale group and a former New Democratic Party MPP.

Browndale (Ontario) is a non-profit organization that cares for 300 mentally disturbed children in 50 groups homes across the province.

The province pays \$55 a day for the treatment and housing of each child for a total of about \$7. million a year.

Liberal Leader Stuart Smith protested in the Legislature last month that Brown and his wife are linked to many of the companies that lease property to Browndale.

Highway contract announced

John Eakins, M.P.P., Victoria-Haliburton is pleased to advise his constituents that the Contract No. 76-41 for the following was awarded to K.J. Beamish Construction Co. Limited, Thornhill, Ontario.

Grading, Drainage, Granular Base, Hot Mix Paving and Hot Mix Patching. Necessary available rating is (4) in (G) or (P)

From Tory Hill at Hwy. 503 Westerly 5.77 Miles; from 5.77 Miles West of Tory Hill Westerly 14.5 Miles. Various Locations.

Highway 121 - Bancroft and Huntsville Districts Mileage 20.27.

The Contractor's tender for this contract was \$1,043,074.50. It is scheduled to get under way May 31, 1976 with a completion date for early fall.

Ministry of Transportation and Communications

Wins Moped

Kevin O'Hara, son of Mr. and Mrs. Herb O'Hara of Haliburton is shown on his new Velosolex 4600 Moped that he won recently in Kellogg's Funny Bike Contest.

Services for Bobcaygeon

John Eakins, M.P.P., Victoria-Haliburton, has personally urged Acting Health Minister, Dr. Bette Stephenson, to consider the feasibility of providing the people of the Bobcaygeon area, in Victoria County, with emergency and out-patient service.

Since the Hillcroft Hospital was closed, Mr. Eakins feels the citizens and visitors to the area must have some

emergency service closer than Lindsay. The member asked Dr. Stephenson to take into consideration the many thousands of additional people who not only live in this area in summertime, but are generally staying for longer periods of time.

The member for Victoria-Haliburton pledged his full support in this appraisal to Dr. Stephenson.

Trent-Severn news

Wet weather during the last ten days has resulted in a surplus of water on the lakes and high flows in lower part of the watershed.

The Reservoir Lakes as a whole are now 96% full and if the wet weather continues

there should be no difficulty in reaching the desired levels by June 15th.

The high flows are making navigation hazardous in some areas and boaters are warned to be particularly careful in the vicinity of dams.

Hall's Lake news

Cool weather kept some of our regular cottagers at home so there was not as much activity around the lake as usual. However, there were lights in most cottages, fishermen and boats on the Lake. Last year the 24th of May was very warm.

The musical evening at Carnarvon-United last week was most rewarding and the three young ladies afforded us a wonderful repertoire of classical, popular and Old Time music. The ladies of the Choir served a delicious lunch. The girls' pictures and their names appeared in last week's local paper and Mr. Glidden has played a big part in their being sponsored and he wrote a particularly nice piece of music for them to present to various audiences. A Wintario Grant has helped them to provide these concerts for the various groups and already they have played at the High School at Haliburton, Hyland Crest, St. George's Church, Zion United etc.

The Stanhope Firemen were pleased with the results of their Auction Sale on Saturday last and managed to get rid of all the many articles they had on display, plus the good food.

A little "Farewell Gathering" was enjoyed on Saturday evening at the delightful home of Mrs. Marjorie Ferguson, for Mrs. William Johnson who is leaving to live in Toronto in a Seniors' Apartment where she will be well cared for, meals prepared etc. "Lizzie" as she is known by her friends is now 89 and still very active. We shall miss her, but she promises to come back from time to time.

Good to see the Morrow families, Jim Carey and family, the Scotts of Kitchener, the MacLennans, Montgomery family and the Darlings as well as Cindy Rothwell with her young friends from Guelph, her Dad Professor Rothwell, the

Alfords, Richardsons, McCarthys and many more cottagers around this weekend.

Edwin Hewitt was a guest of the James McCarthy family on Saturday, who picked him up at Hyland Crest where Eddie now lives.

The William Lindsays are off to Toronto Tuesday to prepare for the marriage of their daughter Sharon, taking place next Saturday. Mrs. Lindsay created and made the beautiful wedding dress for her daughter who will make a very pretty bride.

Everyone is still in a state of shock following Sunday's tragic mishap at the Causeway at Big Hawk Landing which collapsed as Mrs. Margaret Hickman and her two grandchildren walked over it. The Hickman's have been cottagers on Big Hawk for years and she will be sadly missed by neighbours and family.

The Stanhope Firemen were on duty at the disaster area within a few short minutes and carried on a varied number of helpful tasks with other volunteers.

News from Extendicare

by Charles Plewman

On Monday, May 17th, Ron Currie gave a very delightful illustrated talk on his trip to the Rotary Convention and the Far East. His pictures and comments were the next best thing to being on the trip itself.

Following his talk we were enthralled by a musical treat provided by the Highlands String Trio. The trio is made up of Jean Langley, Janet Langley, and Alexandra Stappelles. We were particularly impressed with the verve and the precision of their playing. The residents got into the act playing harmonicas and dancing to the music. Two of their selections were especially written for them by Bill Glidden who was in the audience.

On Wednesday afternoon the children from Victoria St. School entertained us with a sing song.

Pastor Glenn Rosch and his good wife led us in a helpful devotional period on Friday morning. Mr. Rosch

is the Pastor of the Full Gospel Lighthouse Church in Haliburton.

The Haliburton United Church is providing transportation to those desiring to attend church, who are able.

It is now about three months since this nursing home opened its doors. The 49 strangers that fate was thrown together now know one another all of which makes for a more friendly atmosphere.

Mrs. Miriam Lewis who formerly gave great blocks of her time to administration now devotes her entire time to planning activities that enrich and make pleasant the lives of the residents.

Extendicare has recently purchased a splendid stereo record player along with a good selection of records.

The contractor is still working on the grounds. It should look nice when the sod is laid.

Wanted: Some warmer weather so we can sit outside.

Gems of Truth

THE SETTLED DISPUTE

An aged and respected minister had just preached a sermon on the "last judgment" which was not too well received. The next day a group of his listeners agreed that one of them should go to him, and, if possible get him into a discussion about it. So the appointed one went and approached the minister about the rejected message. He opened the conversation by saying "I believe there is a small dispute between you and me, so I thought that I would call this morning and try to settle it."

The astonished minister at once asked what the problem might be, as He was unaware of it. "Why" the visitor

answered, "you say that the woe of the finally impenitent will be "eternal" and I do not think it will". The reply was not slow in coming as the servant of Jehovah God leaned closer to his opposer and said "Ah, if that is all, then there is no dispute between you and me, you will find it is between the Lord Jesus Christ and you. It is His words that you find in Matthew 25:46 and I would advise you to go immediately and settle with Him."

In much the same manner many argue over the validity of a difference in judgment scenes in Scripture. Many see Matthew 25:31-46 and John's record in Revelation 20 as the same event, even if

they do believe in a judgment day. Others would explain both away if that were possible.

The judgment scene revealed to the Apostle John by the Lord Jesus Himself is clearly distinguished from that which He gave in Matthew 25. In Revelation 20 we do not find a "throne of glory" as we do in Matthew 25. In Matthew 25 we are told the "Son of Man" shall come in His glory and shall sit upon the "throne of His glory", verse 31. In Revelation 20 the throne is "a great white throne", verse 11. In Matthew it is the "Son of Man" as the "King of Israel" who separates the sheep from the goats, and in Revelation it is the "Lord" as "Judge", who deals with those who stand before Him.

In Revelation 20 the "great white throne" is not seen standing on the earth as it is pictured of the "throne of glory" in Matthew 25. In Matthew we get a glimpse of what will take place when the Lord Jesus returns to earth in "power and great glory" and sets up His earthly throne and Kingdom. This is clearly an earth scene, for the "throne of glory" will be in Jerusalem, Isaiah 2:1-4, Jeremiah 3:17, Psalm 2:6. In Revelation we are told the Heaven and the earth are fled away from the face of the "One" who sits on the "Throne" and there was no more place for them.

When the "great white throne" judgment will take place, the "Day of Jehovah" will be past, and the Heaven and earth which now are, will have gone through a might process of purging fires of God and a "new Heaven and earth" are about to appear, Revelation 19:11-20:3, 2 Peter 3:10-13, Revelation 21.

In Revelation 20 the subjects who will be judged, are the dead, raised to life, and these are in sharp contrast to the living nations of Matthew 25. In Revelation 20 the judgment is preceded by a resurrection, not so in Matthew 25. In Revelation 20 the context shows that the nations which were rebellious at the end of the "thousand year" reign, have been devoured by the fire of Jehovah God out of Heaven "before" the great white throne appears, verse 9.

In Revelation 20 the "books" are opened, and also the "Book of Life", and the dead, now raised, are judged out of those things which are written in the "books" according to their works. No one is judged here out of the "Book of Life", it is simply opened to show that the name of the judged is not there. Those whose name was in the "Book of Life" had their sins judged at Calvary and had become true Christians for believing in the Christ who took their place of punishment. All these things are missing in Matthew 25.

The judgment of Revelation 20 clearly takes place at the end of the Kingdom reign of Christ, while the judgment of Matthew 25 takes place at the beginning of that reign. Those on the right hand are invited and welcomed to "inherit the Kingdom prepared for you from the foundation of the world", verse 34. All these enter the Kingdom and share its blessings, which plainly teaches that it is not a thing of the past but of the present and future. The scene in Revelation 20 shows that the Kingdom is clearly a thing of the "past."

Our attitude toward and acceptance of the "Gospel of Grace" in this our present day, determines at which of these two great judgment scenes we will be a participant. There is no room whatsoever for neutrality. It will either be one or the other. To enter into the Kingdom blessings with the Lord Jesus upon His return to earth can only be assured as He is received as Lord and Saviour right now. To delay such a choice is exactly what Jesus teaches in the entrance of the "five virgins and the closed door to the other five", Matthew 25:1-13. This is a Kingdom scene.

The test of Christian profession will be the same in this the "Church Age" or the "Kingdom Age". In either case, only those who have committed their life to Jehovah Jesus will be indwelt by God the Holy Spirit and have an abundant entrance into His Presence, Romans 8:9, John 14:6.

The dispute about a resurrection of the dead will never be settled until the Lord Jesus Christ is received as our personal Saviour. Only then will the Holy Spirit be able to teach us truth. John 16:13.

Jehovah's Witnesses Circuit Assembly held

"How do you know what God's will is for you as an individual?" This question was posed by Mr. Harold McCallum, district supervisor for Jehovah's Witnesses in Eastern Canada. He was speaking in Brampton last Sunday to an audience of 1134 Witnesses, 97 of whom were from Haliburton, attending their semi-annual circuit assembly.

Mr. McCallum went on to answer the question he had raised by referring to the Bible at Micah 6:8 which says of God, "He has told you, O earthing man, what is good. And what is Jehovah asking back from you but to exercise justice, and to love kindness and to be modest in walking with your God?"

"This shows," he stated, "It is not beyond our ability to serve God acceptably. He does not want grand showy sacrifices but a display of justice, kindness, and modesty in our everyday living. This request from God

deserves the greatest prominence in our lives and we should be giving it such."

The above lecture entitled "Are You Doing What God Requires of You" was one of the highlights of the Sunday program; another was the baptism of 13 new Witnesses by water immersion.

Mr. Wm. Borden, spokesman for the Haliburton group, said that the two-day meeting afforded the Witnesses an opportunity to examine closely the guidelines set out in the Bible. It was emphasized to us that these guidelines have been given to us by a God of love and are not designed to hobble us but rather to serve as a protection from what is harmful.

Mr. Borden concluded saying, "The two-day refresher course has really helped us to see the Bible from a practical viewpoint and stimulated us to recommend it to others as well as make use of it more fully in our own lives."

Minden W.I. meets

The Regular Meeting of Minden Women's Institute was at the spacious home of Mrs. S. Kinnear on May 19th on a rainy afternoon. The new President, Mrs. Lyman Cox, welcomed the 25 members and three guests. After the usual opening and reports Mrs. A. Taylor gave her report of 58 cards sent since the last meeting and collection for this and Pennies for Friendship were taken, and the Birthday Box.

Haliburton personals

Mr. and Mrs. Glenn Austin have recently returned from a holiday in British Columbia.

Mr. and Mrs. Don Boice of Priceville were visitors at the home of Mr. and Mrs. Basil Boice over the weekend.

Mr. and Mrs. Len Watt of Toronto were weekend visitors at the home of Mr. and Mrs. Norm Greenfield.

Mr. and Mrs. Robert Wood of Owen Sound visited with relatives in the village over the holiday weekend.

Mr. and Mrs. Harry Neville of Oshawa were visitors here over the weekend.

Mr. and Mrs. Claude Parish and family of Barrie were visitors to Haliburton over the Victoria Day weekend.

Mr. and Mrs. Murray Scott from Huntsville visited with relatives here over the weekend.

Mr. and Mrs. Ron Elstone and family of Bishop Mills, Ontario visited at the home of Mr. and Mrs. Clifford Elstone over the weekend.

Mr. and Mrs. Gord McWalters of Newtonville were visitors here over the weekend.

Mr. and Mrs. Noel Austin were recent visitors to Haliburton.

Mr. Don Dart of Lindsay was a visitor to Haliburton one day last week.

Mr. and Mrs. Roger Dart of Willowdale spent the weekend with his mother Mrs. Nellie Dart.

Special thanks were given Mrs. Clarke, Mrs. L. Cox, Mrs. A. Windsor, Mrs. S. Ewing, Mrs. C. Lazier and Mrs. L. Dawson and all the other who made the District Annual so successful.

Mrs. P. Clarke, District Director, gave a brief report of the District Annual.

Mrs. M. Sears gave a report of Public Relations Officer for the past year and a short reading on "Grandmothers."

Mrs. P. Clarke then made presentation of a gift of appreciation to Past Pres. Mrs. Sears for her very successful three years in Office and the latter graciously thanked the members, stating that they were a very co-operative, willing group.

Other readings were given by Mrs. A. Pogue and Mrs. Arnold Coulter. After some

discussion it was decided to hold the next meeting at the Orange Hall, June 16th at 12:30 for lunch with meeting to follow.

Homes and places for meeting of the next year's programmes were offered and meeting of the Executive will be at the Library May 27th at 1:13. Committee to set up the programmes is Mrs. L. Cox, Mrs. A. Windsor and Mrs. Sears.

Members had been busy getting their Bus Tickets for the Kitchener trip on June 2nd. Several ideas were given for a Bake Sale in the summer and a small bus to District Tea in the Fall.

The meeting closed with God Save the Queen and the W.I. Grace and all enjoyed a social half hour and the delicious lunch served by the committee.

Rural water supplies key to increased food

Ottawa- Canadian expertise in irrigation and drainage will be put to work increasingly to help developing countries harness rural water resources.

But projects to help provide clean water for rural dwellers and reliable sources of water for agriculture must employ technologies appropriate to local needs, says a Sectoral Guideline on Rural Water Development issued today by the Canadian International Development Agency.

The Guideline establishes priorities for development of rural water resources, assesses Canadian expertise and sets out general principles for action.

Reliable and safe water supplies are vital if developing countries are to increase food supplies by boosting production and bringing new land into cultivation.

Among the priorities identified for Canadian action are study and development of village and domestic water supplies using a minimum of highly-skilled staff and maximum of local resources, stock watering points through simple damming of seasonal runoffs or irrigation, draining of wet lands

and irrigation by pumping, using tubewells or other simple technologies. Low priority should be given to proposals for solving water problems through desalination of salt water and weather control by cloud-seeding.

The Guideline cautions that Canadian expertise is limited in some areas. Also, encouragement should be given to more research in tropical hydrology.

Canada is already involved in a variety of water development activities ranging from preliminary studies for improved domestic and livestock water supplies to the construction of large multi-purpose reservoirs.

Aid should be directed to comprehensive projects to meet particular needs and close attention must be paid to local cultural, institutional and social patterns. Unless local involvement can be stimulated projects may have limited chance of success. Possible adverse effects on local people as well as those in adjacent areas should be anticipated before accepting projects, and protection of the environment must be assured in every case.

In Memoriam

DUNCAN - In loving memory of our brother John who departed this life June 2, 1974.

Two years have passed since that sad day
When our dear brother was called away,
God took him home it was his will,
But in our hearts we love him still.

If you could have spoken before you died,
These are the words you would have replied,
Weep not for me but courage take
And love one another for my sake.

The years may wipe out many things
But this they wipe out never
The memory of those happy days
When we were all together.

Lovingly remembered by
Sisters Annie and Jennie.

FADER - In loving memory of a dear husband and father, Verle Fader, who passed away May 29th, 1968.

Time may heal the broken hearted
Years may make the wound less sore,
But it cannot fill the longing
For the loved one gone before.
Who shall say the grief is lessened,
Though the smile may hide tears
Memories keep the wound still open,
Despite the passing years.

Sadly missed by his wife
Winnie and family.

MAUGHAN - In loving memory of a dear husband and father, William Maughan, who passed away May 29th, 1972.

May you always walk in sunshine
And God's love around you glow
For the happiness you gave us
No one will ever know.
As we loved you, so we miss you,
In our memory you are near
Loved, remembered, longed for always,
To us you were someone special,
Some one so good and true
You will never be forgotten
For we thought the world of you.

Always remembered by
wife and son Bruce.

MAUGHAN - In loving memory of a dear father and grandpa, William Maughan, who passed away May 29th, 1972.

There is a family who misses you
And finds time long since you went
We think of you daily and hourly
But try to be brave and content.
Tears that we shed are in silence
And we breathe a sigh of regret
For you were ours, and we remember
Though all the world forgets.

Sadly missed and lovingly remembered by daughter
Jessie, David and family.
